Course Description: This Course will allow you to practice your Patrol Rifle skills during room clearing operations and operating around non-threat targets.

You have responded to a burglary call at an industrial complex. The caller stated he saw three suspects break in with what looked like crow bars, sledge hammers, and pipes. The backup officer is 25 minutes away. Since you see no sign of entry where the caller said it was made you decide to check the exterior. You decide to take your Patrol Rifle and have just taken it from the lock rack.

On the Start Signal, move to FA-1 and engage Threat Targets 1 thru 16.
