You are part of a team of back up officers that responded to a report of a home invasion in a gated sub-division of multi-million dollar homes. The cell phone caller claimed to a teenager that fled out of the basement of the house, that she tripped the audible alarm on the way out, and hid in the woods after escaping. She says that prior to fleeing to the security guards post at the entrance she saw 6 to 8 of the suspects entering the woods and moving towards a neighbors home thru the woods. You are one of several officers in a wide line moving towards the second house while other officers are clearing the victims' residence. On the Start Signal, move towards the rear fence and enter the woods. From the Firing Area engage Threat Targets 1 through 18 as located. At the end of the Firing Area engage Threat Steel Target 19 from the right side on the neighbors' fence. You MUST move to natural or manmade cover if loading an empty rifle.
