Course Description: While on daylight patrol you observed a van make a right turn where prohibited by a posted highway sign. Prior to the stop you ran the license tag and found that while the registration came back on a can, not a van. You see there are several occupants but see nothing overly suspicious. On the verbal command of "WALK", begin walking forward at normal pace. When the shot timer Start Signal is heard the driver has leaned out of the van and begun firing at you. The van is closer then your cruiser for cover and concealment. From within Firing Area 1 engage Threat Targets 1 thru 4. Then move to FA-2 and engage Threat Targets 5 thru 7 that ran and hid in a nearby shed (no artificial illumination may be used).
