

NRA TACTICAL POLICE COMPETITION

Course: 5	Course Name: RADAR Ambush	H-1061
Course Type: Skill Based	Start/Stop: Shot Timer / Last Shot - 180 Max Time	
Targets: 9 Paper	Scoring: TPC - Best 2 Hits on Paper	
Firearms / Rounds Required: Duty Handgun = 18 Rounds		
Start Position: Holstered loaded handgun. Sitting in simulated cruiser. Back fully against seat, feet flat, knees at 90 degrees. Legs covered with Ballistic Safety Blanket. RADAR gun in Primary hand.		
Course Description: You are running a hand held RADAR from your cruiser off of a side street when in your peripheral vision you see a subject off of the right front of your cruiser. As you turn to look you see two rapid flashes, and that he has a handgun pointed at you. Your windshield seems to explode and you realize it is from bullets going through it. It is almost impossible to see through the windshield because the impact has spider-webbed the safety glass but you can see the shooter through a hole caused by the bullets. On the Start Signal, draw and engage Threat Target 1 through the opening in the windshield. Exit and move towards the van parked next to you for better cover, engaging Threat Target 2 on the way from within Firing Area 2. Using the van for cover engage Threat Targets 3, 4 and 5. You then see several more suspects flee past a dumpster enclosure in front of you and decide to run to it for hard cover and see where the suspects go. You then see and engage Threat targets 6 through 9 from within Firing Area 3.
