

Alabama Police Pistol Association NRA Police Pistol Combat Tournament Announcement

The Alabama Police Pistol Association is sponsoring a series of NRA Sanctioned Police Pistol Combat Tournaments in 2020. These Tournaments are a great way for you to evaluate your skill level, identify needed training areas, and practice your handgun skills to keep you prepared for the ever-increasing dangers you face on the street and off duty.

NEW SHOOTERS - you do NOT need any fancy gear or guns to start shooting these matches. Just bring your duty handgun, four magazines, holster & magazine pouch. There is nothing to memorize, the course will be announced as you shoot just like the stages during a qualification and fellow officers will gladly help you out.

You can even use your stock duty gun to fire the Open Class Division matches to get started and see how challenging and fun these matches are.

When you get your Production Distinguished scorecard **YOU** must record your competitor information, the information about the Production Pistol and Sights you want to use, the page number your pistol is listed on and its Approval Number in **NRA Police Pistol Combat Bulletin 14-1.**

Prior to shooting, your pistol **MUST** be **INSPECTED** and **TRIGGER PULL WEIGHED** to **Certify** your pistol as approved by a **Tournament Official** who will sign your scorecard.

Scorecards are later reviewed by **NRA LE Competitions** before your score is validated and recorded. Scorecards with missing information or not signed by a **Tournament Official** are not recorded so **YOU** need to make sure all sections on the scorecard are complete.

Please note that **YOU** must record your sight information on your **NRA Production Distinguished Pistol Scorecard.**

So if you have replaced the original sights make sure you know the name, model of the sight, the page number they are listed on, and their Approval Number as listed in **Police Pistol Combat Bulletin 16-1.**

The **NRA** has made it clear that **NO** matter what **APPROVED** Replacement Sight is used, the sights **MUST** keep a **Duty Gun** Point of Aim/Point of Impact, **NOT** a competition set up, such as a Neck Hold, Shoulder Hold, or Head Hold.

A **Duty Gun** Point of Aim/Point of Impact sight set up requires the sights to be aligned on the **X Ring/Center Mass** to obtain a Hit in the **X Ring/Center Mass** area.

Pistols with competition sight set ups will be **Disqualified**, even if having already been used to fire a Match. Competitors may be required to allow their pistol to be test fired, or checked with a laser boresighter to check the sight set up.

You can use your smart phone camera to scan this Quick Reader Code or Ctrl + Click on it with your computer cursor to pull up the PPC information page and then scroll down the page to see PPC Bulletins 14-1 and 16-1.
