Any Substance that results in a sticky surface to the grip/stock or hand.	Prohibited
Ammunition: Either hand loaded or factory loaded ammunition. No wadcutter ammunition is allowed.	

When you get your Production Distinguished scorecard **YOU** must record your competitor information, the information about the Production Pistol and Sights you want to use, the page number your pistol is listed on and its Approval Number in

NRA Police Pistol Combat Bulletin 14-1.

Prior to shooting, your pistol **MUST** be **INSPECTED** and **TRIGGER PULL WEIGHED** to Certify your pistol as approved by a Tournament Official who will sign your scorecard.

Scorecards are later reviewed by NRA LE Competitions before your score is validated and recorded. Scorecards with missing information or not signed by a Tournament Official are not recorded so **YOU** need to make sure all sections on the scorecard are complete.

Please note that **YOU** must record your sight information on your NRA Production Distinguished Pistol Scorecard.

So if you have replaced the original sights make sure you know the name, model of the sight, the page number they are listed on, and their Approval Number as listed in

Police Pistol Combat Bulletin 16-1.

The NRA has made it clear that **NO** matter what **APPROVED** Replacement Sight is used, the sights **MUST** keep a **Duty Gun Point of Aim/Point of Impact**, **NOT** a competition set up, such as a Neck Hold, Shoulder Hold, or Head Hold.

A Duty Gun Point of Aim/Point of Impact sight set up requires the sights to be aligned on the **X Ring/Center Mass** to obtain a Hit in the **X Ring/Center Mass** area.

Pistols with competition sight set ups will be **Disqualified**, even if having already been used to fire a Match. Competitors may be required to allow their pistol to be test fired, or checked with a laser boresighter to check the sight set up.
